Baildon Moor MapRun Orienteering
29 August – 6 September 2020
Event Details @ 280820

Travel
Car/bike: Park in or near the Bingley Road car park in the centre of Baildon Moor SE142 407. Follow the B6151 to the roundabout in the centre of Baildon village then continue North up Moorgate past the cattle grid and the golf clubhouse. Turn first left onto Bingley Road. The car park is in ~1km at the top of the hill.
Public transport: train to Baildon station then a long uphill walk NE 2.5km through Baildon village as above.
There are no facilities in the car park. It is an exposed spot, so choose a nice day.

MapRun
Download your chosen course from MapRun F.

Where to find the courses on the app: Open the app → Select Event → UK Folder → Aire Valley Folder → Lockdown Series 1 > Baildon Long or Baildon Moor Medium or Baildon Moor Short → Download

You can do more than one course by downloading all the courses you may want to do. The courses are available after initial download via Select Event > Access Local Events (Offline) > Baildon Long etc

Each course has a unique PIN which is printed on the paper map. You need to enter this when you're ready to start to get the map and tracking software functioning for the course you are running.

For further details how to use MapRun https://www.aire.org.uk/info/maprun

The competition is open from Saturday 29th August to end of Sunday 6th September.

Terrain notes
The courses have been planned by Peter Jones.
This is proper terrain orienteering. Most of the top of the moor is runnable. Bracken and tussocks are marked on the map with the usual green line screen. The paths are invariably the best routes through these areas. There are many unmarked minor paths.
Control sites have been selected to avoid deep bracken. The GPS accuracy of the sites has been checked several times, but if you fail to register a control and you are sure you are in the right place, just carry on and let David Williams know afterwards that you had a problem.

Map
The printed maps for all the courses are 1:7500 with 5m contours. We strongly recommend that you print a copy of your course to run with. Pictorial Control descriptions are printed on the map. A text version of the descriptions will be available on the website event page at same time as the maps from Friday 28th.

 Courses and PDF links
Long   5.1km +150m climb PIN 7934 **Note** we had to republish course 21:30 29/08 If you downloaded course before this you will need to re download **Baildon Long** and this PIN will work
Medium   3.7km +100m climb PIN 7381
Short   2.0km +50m climb. PIN 2439

The pdf maps will be available on the website event page from Friday 28th
https://www.aire.org.uk/events/baildon-moor-maprun-2020-09-06

Start
Use the map or MapRun to navigate to the start. Cross to the South side of Bingley Road and go 100m along the large track heading SE. Be ready to go as MapRun will start you as soon as you get within ~15m of the triangle.

Finish
Is just over the road from the car park.

Results
Will be published on the AIRE website shortly after the courses close.
