

### Roundhay Park Night Score League 13<sup>th</sup> Feb 2013

A big thankyou to everyone who fought their way through the snow to run this evening - I hope you enjoyed the run and the different points values of the controls I used to add a bit of a tactical orienteering to the event. The snow definitely slowed people down with most being over-time and incurring penalties.

I am indebted to everyone who helped me out this evening – I've learned my lesson that 3hours isn't enough to put out controls in such a large area, even more so with the snow this afternoon. Next time I'll be allowing even more time for preparation. Thanks to Ian Marshal for doing registration for me and to everyone who collected controls in and saved me another 3hrs running around the park!

Results below. If there are any queries, please get in touch.
