

Heber's Ghyll O-LITE Results 12/10/13

Thanks to all those who attended the event. It was good to see a wide range of competitors, ranging from absolute novices to seasoned experts, and from locals who walked to the event to two contingents from across the Pennines (PFO (Pendle Forest) and MDOC (Manchester)). I was especially happy that some people enjoyed their course so much that they ran another course too! The rain also held off, making the moorland section in particular more enjoyable. Sorry for the delay in the opening of registration, but, thanks to Ian Marshall and Lindsey King, we managed to get the first starters off at 1pm as planned. Thanks too to those who gave up their maps for reuse by others, and for those who had to wait to get a run because the maps ran out (I ordered lots but the event exceeded all expectations!). Finally, thank you to Tony Thornley, who mapped the area and commented on my courses, Adrian Hall, who collected controls in, and my wife Helen for stepping in and manning the desk at the end.
