Danefield, Otley - Results

Thank you all for coming along. Your outfits were great. The prize for the best went to the Scarecrows; Lucy, Laura and Kate.

Apologies for the delay in publishing the results. I've been lurking in the deep dark woods, not of Otley, but of Italy.

And sorry about my muddling the rules! Most of you seemed to know them in any case. But just in case we get them wrong again next year; you are only safe from being vamped when you are in the circle at the finish, and you can only enter that circle after 43 minutes, when the first whistle goes. When the second whistle goes after 45 minutes you start losing 10 points for every minute you are overdue.

Richard won - but I gather he was vamped 4 times and vamped others 4 times, so congratulations to all the folks who did the hard work for him.

Hope I have spelt all your names correctly. Apologies if not, and I hope you can recognise yourselves below. I suspect some scores were not recorded at the end (see the note about Vampires below).

And the final Vampires were:

David Hickman, Graeme Tiffany, Martin McBrinn, Brian & Holly, Lee Morby & Kids, Isla Aylward, Laura Arnold, Anna Chavez. *Which is very spooky indeed – because there were only 6 vampire maps at the most*

If anyone would like to put on the event in 2014 can they let me know before Christmas 2013 and we can select an area that is convenient for you to arrange it on. The reason is that very early in the New Year we have to seek permissions for all the areas we use that year.
