Thanks to everyone for coming - it was much better weather than the last score event I planned (deep snow at Roundhay Park last year!)

Hopefully you all enjoyed running on Chris's new map of Tinshill and surrounding areas which gave us some use of the map originally planned for Clayton woods - maybe next time some controls in the woods would be a good idea to add some interest, although hopefully having different points values added a bit of tactical route planning.

I understand a couple of the streetlights were slightly ambiguous...apologies if they were, they didn't seem so when planning, but the control circles (already made smaller) may have still have covered more than one in a couple of places, although the centre of the circle was always at the correct lamppost!

Any queries or questions, don't hesitate to contact me!

Thanks,
Richard Foster
