N.B. 35 controls, one map. 1 control worth double points. Maximum score 360.

Many thanks to everyone who turned up for the last Winter Night Score League before Christmas. Very mild conditions and I think everyone enjoyed a good run.

My thanks for the compliments on the course.

If you enjoyed that, even greater challenges await at Meanwood on Saturday 9th January.

Apologies for Control 18 on the wrong junction but hopefully you managed to listen in at the briefing and adjust to the positioning on your map.

Good to see a good crowd at The Station Pub afterwards for our Christmas Social.

Apologies for the mix up in Coopers, it seems that a reservation no longer guarantees a table in today's world!
