

Northcliffe & Heaton Night Score Event 29 January 2020 – Finalised Version (hopefully)

Well what do us Septuagenarians know? I was confident that no-one would clear all the controls within 60 minutes. Congratulations to Paul Pruzina for proving me wrong with nearly 4 minutes to spare, and Andrew Stemp for unluckily getting them all but just 5 seconds over the limit.

Many thanks to the 4 volunteer control collectors. It's always much appreciated to get this help at the end of an event.

Hope most of you managed to keep to your feet in the more slippery areas.

If any of the information below is wrong, including misspelling of names, please let me know.
