

Bramley Fall & Hawksworth Woods Night Score 19/02/2020

Thanks to all 31 of you who joined me on a drizzly evening around Bramley Fall Woods and over the road in Hawksworth Woods. A maximum score of 350 was available (300 from controls, 40 from lampposts and 10 bonus points if you got all the four lampposts).

Two competitors scored 300 points, but both returning late mean Tim Patterson finishes ahead of Andrew Stemp. Leon Foster rounds out the top three on 240 points.

In the women's category, the top three returned within 30 seconds of each other. Rebecca Gray on 210 points, finishes just under the time limit. Robin Culshaw finishes at the time limit with 170 points. While Beth Oxley's 20 seconds late drops her to the same 170 score.

Thanks to Tim Patterson and Chris Burden for their advice and help organising the event. If you haven't organised one before, I can assure you there is plenty of help on all aspects.

A final thank you to all the control collectors – it was a long way back to some of those controls, very-much appreciated.

Sorry to those caught on the wrong side of the natural features, whether that was the canal, a steep bank or that particularly tight hedge. Hope it didn't affect you too much.

Thanks for coming, hope you had a good run.
Rob Groves
