

# Cow and Calf Maprun Results 31st July - 9th August 2020

Congratulations to Jack Wood who set the target that was unbeatable with the first run on the Long Course. Victories as well for Rob Gatenby and Tim Stevenson on the Medium and Short. Many thanks to Tony Thornley for his inspired planning to make great use of the moor even in high undergrowth season. Particularly as he had to take check GPS function at each control site to get the best out of Maprun.

We are planning a similar event for Baildon Moor at the end of the month details to follow
