A chilly night but plenty of distance covered with a few electing to run beyond the given time.

An interesting area with many route choices. We can't wait to see the route gadget!

Thankfully most frustrations were with the hill and technology, but I've learned some good considerations for future planning. Congrats to both Alice Leake and Ian Furlong with 21 and 19 controls respectively. Many thanks to everyone who turned out. Jonathan.

Track review - Rob Gatenby had 7 reinstated and both Julie Mair and Arran Horne no 10.
