Many thanks to everyone who turned up for the first event of the Winter Night Score League.

Well done to the few or ventured out on a cold but dry night.

I think everyone enjoyed the course and worth looking at converting the openmap to proper ISOM at some point.

Thanks again and hopefully see more of you out next week.

I've plenty of spare maps left and will bring along next week if any one wants to try out in their own time at their own risk.
