Thanks all for coming to Fearnville and Killingbeck. A different challenge to last week, but hopefully just as fun. I tried to chose positive control points that were clear on the ground with various route options. I'll try and put up a Routegadget file this week to see if I succeeded.

Firstly thanks to Matt and the staff at Fearnville Leisure Centre for hosting us (and letting us use the toilets etc!). It made registration much easier inside.

Also Big thanks to Leon and Chris for helping me put out controls - I'd not have managed to put all the kites out on my own.

And thanks to everyone who collected controls - it made life much easier and quicker to pack up.

Any errors in results, please let me know: foster.richardjohnATgmail.com
