Big thank you to Richard for the new map, and thanks to everyone who came to the event – I hope you enjoyed exploring a brand-new area 😊 Well done to Paul and Ian for clearing the map (and to Leon for thinking you had!)

I tried to plan the course so that,

- 1). There wasn't an obvious best loop, with plenty of controls in the middle of the map (hopefully making the shortest route a challenge to find – I think the optimal route was around 11km)
- 2). The fastest of you would be able to get all the controls in the hour, hoping that the bonus 50 points for clearing the course would tempt a few extra people into having a go (+50 points outweighing the potential loss of being a couple of minutes late back!)

Any issues with the results drop me a message: aliceleake1@hotmail.com

The next night score event will be at Primrose Valley on Wednesday 22nd February.
